Holy Virgin

Groove Coverage

I'm a little lady, treat me like a baby
I've been waiting lately for someone like you.
Can you share my passion, earning my obsession?
I want satisfaction all of the time.
If you want to taste me, try my paradise
Come and fill up my desire.
You can please me, tease me take me to the sky
Baby, we can burn like fire!

(Chorus)
I am your Holy Virgin,
Be gentle all the time
I am your Holy Virgin, I blow your mind.
Oh, I am your Holy Virgin, and if you touch me right
I'll be your Nasty Virgin.
(Virgin, Virgin, Virgin)

I can take you places, show you all my faces
No Matter what the pace is we're gonna be there
Do you want to hold me when I feel lonely?
Slowly you can swing me angel of mine
If you wanna taste me, try my paradise
Come and fill up my desire.
You can please me, tease me, take me to the sky
Baby, we can burn like fire!

(Chorus)

I am your Holy Virgin,
Be gentle all the time
I am your Holy Virgin, I blow your mind.
Oh, I am your Holy Virgin, and if you touch me right
I'll be your Nasty Virgin.

Now the curtain falls, and Just calls
Open up your eyes for someone like me
I am on my way, leaving today
I'm a golden ride to the other side
If you wanna taste me, try my paradise

Come and fill up my desire.
You can please me, tease me, take me to the sky
Baby, we can burn like fire!

(Chorus)

I am your Holy Virgin,
Be gentle all the time
I am your Holy Virgin, I blow your mind.
Oh, I am your Holy Virgin, and if you touch me right
I'll be your Nasty Virgin.
I'll blow your Mind!

Repeat First Chorus Twice
