Loin Des Mortels

Dark Sanctuary

[Music by Arkdae, Lyrics by Sombre Cr]"Par la puret des flammes
Je semblais vivre...
Mais l'arrt de mon c?ur prouvait
Que je n'tais plus de ce monde...Je ne pouvais crier
J'aurais pu tout regretter...
Mais je n'avais aucune envie,
De retrouver ma triste vie..."O Flammes sans mes
Grandes dames sans rves,
Ni cauchemars...
Sans triste vie, ni belle mort...
Accompagnez mon corps
Quelques instants encore..."Une caresse me sduit
Je me sentis comme ivre...
Envot par la sirne
M'appelant vers l'au-del...Cette trange sensation
C'est la mort qui m'envote...Fuyant ce corps perdu,
Je m'enfonais vers une tendue...
Noire comme la nuit
Sans froid, ni chaleur...J'avanais sans autre choix
Vers une silhouette
Venant de l'au-del...[Translation][Far Away from the Mortals...][Music by Arkdae, Lyrics by Sombre Cr]The body was still floating
Before a satisfied death..." By the purity of flames
I seemed to live...
But the stop of heartbeats proved
That I was not of this earth anymore...I could not scream,
I could have regretted everything...
But I didn't want
To live my sad life on at all... "Oh flames without soul,
Great ladies without dreams,
Nor nightmares...
Without sad life, nor beautiful death...
Accompany my body
For some more time..." A caress seduces me,
I felt myself like drunk...
Bewitched by the siren
That calls me from beyond...This strange feeling
Is death spellbinding me...Fleeing from this wasted body,
I went forth towards a land...

Black as night,
Deprived of coldness, or warmth...I walked on without any other choice
Towards a silhouette
That came from beyond...[Translated from french by Aries]
