Mercy

Amanda Cook

My past embraced
My sin forgiven
I'm blameless in Your sight
My history rewritten

You delight in mercy
Mercy triumphs over judgment

Oh Love, great Love
Fear cannot be found in You
There will never be a day
You're uncertain of the ones You choose

You delight in mercy
Mercy triumphs over judgment

So I will wake
And spend days
Loving the One
Who raised me up
From death to life
From wrong to right
You're making all things beautiful

You delight in mercy
Mercy triumphs over judgment
