Who's To Say

Vanessa Carlton

Stand up straight
Do your trick
Turn on the stars
Jupiter shines so bright
When you're around
They tell us slow down
We're too young, you need to grow
The speed's the key
And they don't know who we areAnd who's to say we're not good enough?
And who's to say that this is not our love?Mother don't tell me friends are the ones that I lose
'Cause they'd bleed before you
Sometimes family are the one's you'd choose
It's too late now
I hold on to this life I foundAnd who is to say we won't burn it out?
And who is to say we won't sink in doubt?
Who is to say we won't fade today?
Who are they anyway? Anyway they don't knowAnd you say we're too young, but maybe you're too old to remember
And I try to pretend but I just feel it when we're together
And if you don't believe me, you never really knew us
You never really knewYou and I, packin' up my room, we feel alright
We're not well, come soon we'll be drivin'
'Cause they don't know who we areWho's to say we won't stay together?
Who's to say we aren't getting stronger?
Who's to say I can't live without you?
Who are they anyway? Anyway they don't knowAnd you say we're too young, but maybe you're too old to remember
And I try to pretend, but I just feel it when we're togetherAnd who is to say?
And who is to say?
And who are they anyway?Stand up boy
I shine so bright when you're around
