# Confusion & Havock

## Blanche Eden

Confusion and havock, confusion and havock you can have it baby

Do I hate you or do I need some good lovin'?
Why it gotta be like that? No baby
We been saying the same shit all day
Progression comes with dedication, earn it
We have none, so I guess were on vacation
Ive been taking these trips for too long
They say it gets better, it better get wetter
When is enough, enough?

Chorus
Confusion and havock, confusion and havock
You can have it baby
I don't want it, Im not happy baby

We don't speak the same language
What the fuck are you saying?
Oh you think I'm playin'
I aint playin'
Confusion and havock, confusion and havock
You can have it baby
I don't want it, Im not happy baby

Ya holdin' back, give it to me
Ya holdin' back, give it to me
Ya holdin' back, give it to me, give it to me
Ya holding back, ya holding back
Give it to me

I convince myself to keep wantin' your love
Keep telling myself, I need it
I know you love me, I know you want it
Success comes with motivation, earn it
But we have none, so I guess were on vacation
Ive been taking these trips for too long
They say love, takes time, how much you got?
Is that asking too much?
I'm giving too much

Chorus
Confusion and havock, confusion and havock
You can have it baby
I don't want it, Im not happy baby

Ya holdin' back, give it to me
Ya holdin' back, give it to me
Ya holdin' back, give it to me, give it to me
Ya holding back, ya holding back
Give it to me
