Summer Young

Rascal Flatts

You looked a little cold to me
So I gave you that army green jacket that was in my truck
It didn't fit, you didn't care, a little chill was in the air
And we were just warming upYou smiled and we sangI wanna thank the band, whoever they were
For playing our song and
All the stars up there
For getting in line and shinin' down onThat boardwalk you and I strolled down
Lights dancin' on the water from the merry-go-round
We made a lot of memories, ain't no doubt
But there's only one summer youngI stood behind you while you swayed
And looked down at your pretty face
Thought "Man I'm fallin' hard for her"
Yeah, we get those moments now and then
The kind you pray will never end
And that's exactly where we wereOh, I smiled while you dancedI wanna thank the band, whoever they were
For playing our song and
All the stars up there
For getting in line and shinin' down onThat boardwalk you and I strolled down
Lights dancin' on the water from the merry-go-round
We made a lot of memories, ain't no doubt
But there's only one summer youngEvery time we hear it now
It's gonna take us backI wanna thank the band, whoever they were
For playing our song and
All the stars up there
For getting in line and shinin' down onThat boardwalk you and I strolled down
Lights dancin' on the water from the merry-go-round
We made a lot of memories, ain't no doubt
But there's only one summer youngOh, summer young
Summer young
Ooh, summer young
Young, oh, yeah
