Daylight Lucidity

Delain

Daylight lucidity
Stream through me
Let me dream
Out of this world, out of this world[Chorus:]
I cannot sleep
Sedate me
Wide awake
Animate this soul
I'm still following the painDaylight lucidity
Beam on me
Come to me
Into my sleep, into my sleep[Chorus]Don't try to wake what is unreal
The secrets only you must seal
You hold the key of what I need
Unlock the door that will reveal[Chorus]
