Quiero Club

We are after you Mr. mustard
I'll show you how its done
We are after you Mr. mustard
Let me tell you how its done
we are after you
They are after you
We are after you
They are after you

And if I choose to remind you
Your life is pretty short
Just come and ask Mr. Mustard
He will tell you how its done

She came from the water
He came from the sun
They show afterhours when you are alone

When you are alone

All right
