Believe

Mechanical Birds

Look at this world we live in, nobody cares for anything we're doing.
I hear the end is near.
You're running out of time, so you better get moving.
What they said to me is it a dream?
Because no one really cares.
Everybody lies, and people die, they're all so stupid.
What they want for you to see...
What they want you to believe...
Everyone's wrong.

I'm the one who's right.
You'll burn in hell and we'll win the fight.
Your decision's wrong and it isn't real.
I'm the only one who knows how you feel.
What they said to me is it a dream?
Because no one really cares.
Everybody lies, and people die, they're all so stupid.
What they want for you to see...
What they want you to believe...
