Happy

Taufiq

The summer's gone too soon
The winter's coming now
The lies are falling and I'm just brawling
You had me going out of my head
And I look stupid
The game was gruesome
We'll be for a while
And then it'd leave for a while
But there's no need for you now
Because I'm free of you now
You see I'm
Happy
(Happy)
Things are looking good now
(Good now)
I feel so alive
(So alive)
I'm on overdrive
(Overdrive)
I'm killing it, I'm killing it
(Good, I'm good)
Don't try coming back
(Good, I'm good)
'Cause I will not be there
(Good, I'm good)
It's not like you ever cared
Smiles would die too soon
Our days were filled with frowns
My job was calling, my life was falling
My friends said I looked like I was dead
Did I look stupid? Oh, damn you cupid
You were shooting at me instead it landed on her
If this is how it should be
We should have stayed how we were
'Cause now I'm
Happy
(Happy)
Things are looking good now
(Good now)

I feel so alive
(So alive)
I'm on overdrive
(Overdrive)
I'm killing it, I'm killing it
(Good, I'm good)
Don't try coming back
(Good, I'm good)
'Cause I will not be there
(Good, I'm good)
It's not like you ever cared
Damn you're stupid, how'd you lose it
You had it all but you treated it wrong
We got some things to resolve
So I requested this song, hey, I'm just
Happy
(Happy)
Things are looking good now
(Good now)
I feel so alive
(So alive)
I'm on overdrive
(Overdrive)
I'm killing it, I'm killing it
(Good, I'm good)
Don't try coming back
(Good, I'm good)
'Cause I will not be there
(Good, I'm good)
It's not like you ever cared
