These Bammas

Diamond District

Ooh you think you doing something
Foulest just stoop and you aint know nothing
Griming, youve be taking all of my time and be consume by nothing
Niggas thirsty claiming and hustling but hungry they wasnt
Younger, discover thats what we wanted,
We shafting our stomach, plug and emotional
And a baggage pow this and?
Now you know that it take years to discover
But only get strong be the ones that I bail to the others
I love her but they dont take no vano
Aint try to make no hit shows
Slangs for the motherfucker hate no
Slanges with invisible trades no, minimal ways and try to get hit yo
We cant roll with flame flow
Your angle will get different?
Making do what we must to
Well be the best three, yes we, check please
This is deadly, your favor, rappers bent thief? All to impress me?
To the eight talking, seventeen like a fresh team
See out balling in threes
And this the crime ball, average things in minimal
Friends go in and out for got em all like it was vaginal
Damage wont stay the same? and you aint be no longer my friend
I switch out the picture, the situated the side ways
They just speed out this afraid and get? some real talent
Should I came here and dig it and try to deliver benders?
See me riding completers, they trade and fall for bleachers
Be balling Monday to Friday
You on the club all the weekend?
You can tell we write rhymes like we some types of?
This just all kinda? dont let em kept on it
Straight get you some rap and you have some poses
My door aint always open
Keep catch me before the closing
Knock on this opportunity dog, but you never g there
Cuz if you aint emotional, already I leave you flowing
Really niggas really wait to be choosing
What the fuck?
What this banz? I dont mean no

What they try to take?
They aint try to go
Know what Im saying, I only play and slam hit on a.m.
Is 3 a.m. keep your speaker on blast
Thats whatever we ask
What this banz? I dont mean no
What they try to take?
They aint try to go
Know what Im saying, I only play and slam hit on a.m.
Is 3 a.m. keep your speaker on blast
Thats whatever we ask
Question got the lesson,
Yes indeed we do get busy and earn
To many trendy wanted it all and aint put it any worst
That flimsy verse to make the beat the supporting
Your flame boy with hands bowing
Really you should destroy that noise
Is the most of the others and you should really be competitive
You see the president and see the invasion?
Is all the city that he represent
And see the city will be on the niggas
They coming and swing blow
Go put the hoer
I dont know flashing, all you do is basic
Yall whatever a plug shit
All you do is riding
Yall do with that shit
All you do is survive shit
Thats bad in em
Any way you can go
Make it, make it just wait all of it like all planet I guess
Like all make it just to be cool
Simply no reaching your best
But see now we, see we dont got the three blust
Guess be fighting more then we?? and we trynna, we never stop saying
What this banz? I dont mean no
What they try to take?
They aint try to go
Know what Im saying, I only play and slam hit on a.m.
Is 3 a.m. keep your speaker on blast
Thats whatever we ask
What this banz? I dont mean no
What they try to take?
They aint try to go
Know what Im saying, I only play and slam hit on a.m.

Is 3 a.m. keep your speaker on blast
Thats whatever we ask
