Lost It

Central Parks

Can you see what I am seeing
Now that I am on my own
I can't explain the way I'm feeling
I question everything I know

I can't believe what she said
It went straight to my head
I'm lacking inspiration
Where's my inspiration

I had it, and I lost it,
Now you've got to help me get it back again
I had it, and I lost it,
Now you've got to help me get it back again.

I can't believe a word she says to me
It brings me closer to insanity
Why can't she just understand
The things she says could kill a man

I can't believe what she said
It went straight to my head
I'm lacking inspiration
Where's my inspiration

I had it, and I lost it
Now you've got to help me get it back again
I had it, and I lost it
Now you've got to help me get it back again.

I can't take it
I'll never make it
The things she says are bringing me down
