# Same Song

## Chuck e. Costa

All around the world, same song
All all around the world same song
All around the world, same song
All all around the world same song
I came for the party to get naughty, get my rocks on
Eat popcorn, watch you move your body to the pop song
That I'm singing, dinga-linging, funky beats ringing
Everybody's swinging in the place
As I kick the J and easy is my style
R and B mixing it with the hip hop swing beat
Champagne in my hand, it wont be long till I'm gone
It's just the same old song
It's just a freestyle, meanwhile, we keep the beat kickin'
Sweat drippin', girlies in the limo eatin' chicken
Oops, don't get the grease on your pantyhose
I love ya Rover, move over, I gotta blow my nose
Sneezin', but still I'm pleasin' to all the shimmies
Pull out my jimmie, time to get busy wit a Jenny
If it's good and plenty, don't you know
There I go, there I go, there I go
But I don't go nowhere without my Jim hat
If I'm rappin', cause she's clappin'
Then I'm strappin' cause I'm smarter than that
Then girlie maybe we can get along
Cutie after cutie, it's just the same old song
All around the world, same song
All all around the world same song
All around the world, same song
All all around the world same song
All around the world, same song
All all around the world same song

Money B, the freaky deaky, the sqeaky meaky up and down
As a matter of fact ill be right back i gotta take a leak
So I'm drainin' entertainin', but I got fame
And the bases I touch to much for me tryin' to be namin'
Aiyyo, you saw me on cable and gip
I busted in and I was goin' legit
Clark Gable back in Parkland its the same old song

Sport these shorties, same freckles and hat, drinkin' the same 40's
Hypothetical, political, lyrical, miracle whip
Just like butter, my rhymes are legit
'Cause I'm the Humpty, not Humpty Dumpty, but Humpty hump
Here a hump, there a hump, everywhere a hump
Ah, shut up and just listen, not dissin' don't get me wrong
But to me its just the same old song
So just watch, my name is shock, and i like to rock
And you cant stop this, 2Pac go ahead and rock this
Now I clown around when I hang around with the Underground
Girls use to frown, say I'm down, when I come around
Gas me and when they pass me they use to diss me
Harass me, but now they ask me if they can kiss me
Get some fame, people change, wanna live they life high
Same song, can't go wrong, if I play the nice guy
(Clamin' that they must have changed, just because we came strong)
I remain, still the same 'cause it's the same song
(Why Tu'?)
All around the world, same song
All all around the world same song
All around the world, same song
All all around the world same song
All around the world, same song
All all around the world same song
