Backstab

Hellsent

Some say that you dream in black and white
But I think otherwise
Looking all these bullets that I bite
You need to be cut down to sizeWhat is it that you say?
(What is it that you say?)
What is it that you say?
(What is it that you say?)I should never have gotten that close
That small gray area is all I knowAnd it's alright
Well, I will just wash out my eyes
Is that alright?
And we will see who it is that criesYou want me to understand
How a friendship's supposed to end
Take a ruler and just slap my hand
Is that the message that you send?What is it that you say?
(What is it that you say?)
What is it that you say?
(What is it that you say)Well, I'll be here
(What is that you say?)
I won't be there
(What is that you say?)
I will be here, I won't be
(What is it that you say?)I should have never gotten that close
That small gray area is all I knowAnd it's alright
Well, I will just wash out my eyes
Is that alright?
And we will see who it is that cries
When I find out who you really are
