I Would

Fred Eaglesmith

Well if you're wondering
It would seem if you
When the world came near or you
I would (I would)
When it came crash into your roof
Who would be there for you
I would (I Would)
When nobody else would stay
I would (I would)
When nobody else would pray
I would (I would)
If you're wonderin who would be there
When nobody seemed to care
I would (I would)
I would (I would)
I would (I would)
If the bullets were a-flyin
And you didn't feel like dyin
I would (I would)
If the ending was coming
And someone there running
I would (I would)
If we ever go over the wall
I would (I would)
If someone helps stay in front
I would (I would)
If someone had to take it
And you couldn't make it
I would (I would)
I would (I would)
I would (I would)(I would) (I would)
(I would) (I would)
If you're sitting all alone
And you need someone to come over
I would (I would)
If you're tired of talkin
You just feel like walkin
I would (I would)
If you wanna sit on the steps

I would (I would)
If you wanna see the solar eclipse
I would (I would)
If you wanna fall in love
Give me the code
I would (I would)
I would (I would)
I would (I would)
I would (I would)
I would (I would)
(I would) (I would)
(I would) (I would)
