

Do What You Like

Blind Faith

Do right, use your head
Everybody must be fed
Get together, break your bread
Yes, together, that's what I said
Do what you likeDon't fight, use your head
It's all right every night
Do what you like, that's what I said
Everybody must be fed
Do what you likeOpen your eyes
Realize you're not dead
Take a look at an open book
Do what you like, that's what I said
Do what you like
