Another Toy

China Drum

When I'm gone and you are broke
You will find another toy
When I'm broke and you have gone
You will find another toyThe wind was cutting in so well, I covered up my ears
The rain was going through me like a knife
It was taking every inch of warmth I had in me
I was shaking like I'd never in my lifeWhen I'm gone and you are broke
You will find another toy
When I'm broke and you have gone
You will find another toyI'm always staring at my watch
When I'm there with you
I think I've bitten off more than I can chew
I think it's one thing I'll never get to learn
If you ignore advice you'll end up getting burnedI've got no time for me, so I've got no time for you
I've got no time to walk along and try and think it through
I've got no time for me, so I've got no time for you
I've got no time to walk along and try and think it throughI've got no time for me, so I've got no time for you
I've got no time to walk along and try and think it through
I've got no time for me, I've got no time for you
I've got no time to walk along and try and think it throughIt wouldn't be so bad If I was a million miles away
I could have come back to live another day
I might have even heard you trying to explain
But with you I'll never get to see another dayWhen I'm gone and you are broke, you will find another toy
When I'm broke and you have gone, you will find another toy
When I'm gone and you are broke, you will find another toy
When I'm broke and you have gone, you will find another toyYou will find another toy
You will find another toy, toy, toy, toy, toy, toy, toy, toy, toy
You will find, you will find, you will find another toy
You will find another toy, you will find another toyWhen I'm broke and you have gone
You will find another toy
When you're broke and I have gone
I will find another toy
Another toy
