Don't Go to Strangers

Etta Jones

Build your dreams to the stars above
But when you need someone true to love
Don't go to strangers, darling, come on to mePlay with fire till your fingers burn
And when there's no place for you to turn
Don't go to strangers, darling, come on to meFor when you hear a call to follow your heart
You follow your heart, I know
I've been through it all and I'm an old hand
And I'll understand if you goSo make your mark for your friends to see
But when you need more than company
Don't go to strangers, come on to meMake your mark for your friends to see
But when you need more than company
Don't go to strangers, darling, come on to me
