The Touch

kolaj

You take me so high when I leap
To your ocean I'm diving deep
So blow in my lungs to help me breath
You always save me from underneathCause whenever you are involved
We taste every moment on our tongues
And Im swimming under your influence
Drowning just enoughYou make me want you so much I get high
You have the touch just enough to get by
You make me want you so much I get high
You have the touch just enough to get byOur love is pure like your favorite drink
Always straight up never weak
We never burn out the chemistry
So spark the lighter and hail a dreamCause whenever you are involved
We taste every moment on our tongues
And Im swimming under your influence
Drowning just enoughYou make me want you so much I get high
You have the touch just enough to get by
You make me want you so much I get high
You have the touch just enough to get byI love my skin its so pure
when your lips touch mine
you know it feels better
Our second timeYou make me want you so much I get high
You have the touch just enough to get by
You make me want you so much I get high
You have the touch just enough to get by
