Donâ€™t Mess With Me

Brody Dalle

Here they coming with their guns, guns, guns
See the news, take them on
Here they coming with their guns, guns, guns
See the news, take them onYou don't wanna, don't wanna
Don't wanna mess with meHere they coming with their guns, guns, guns
See the news, take them on
They really think I'm gonna run, run, run
They really think I'm gonna run, run, runDon't wanna, don't wanna
Don't wanna mess with meThey don't wanna, don't wanna
Don't wanna mess with me
Don't mess with meI got the feeling I can break
I love anything bad standing in my way
You're the reason I can stay
And fight you to the death
'Cause where I stood, I will not give upHere they coming with their guns, guns, guns
See the news, take them on
You really think I'm gonna run, run, run
I'm never giving upDon't wanna, don't wanna
Don't wanna mess with me
You don't wanna, don't wanna
Don't wanna mess with me
Don't mess with meI got the feeling I can break
I love anything bad standing in my way
You're the feeling I can take
The pain of losing teeth will spit down the faithI got the feeling I can let go
Because it means that much to me to show you so
You're the reason I can stay
And fight you to the death
'Cause where I stood, I will not give upI got the feeling I can break
I love anything bad standing in my way
I know the feeling I can take
The pain of losing teeth will spit down the faithI got the feeling I can let go
Because it means that much to me to show you so
You're the reason I can stay
And fight you to the death
'Cause where I stood, I will not give up
