

He The Colossus

Wild Beasts

I am no Bible binner
Petty sinner or scandal spinner
But you can stuff your chastity
Your "wait and see", your "not ready" 'Cause we are vigilantes
We're on the streets
We're running free
And you could have me anytime
Just flutter those come to bed eyes Do I dare to disturb the universe?
Lest I crush the softest among us
The universe has us locked in a death spin
Not enough fucking and too much of wondering The wrong place at the right time
Stars were aligned
You were always mine
Do I dare to disturb the universe?
Lest I become he the colossus When you scrub up you're my very hub
You're my sweet cherub
You're my junkie love
You could have me anytime
Just flutter those come to bed eyes Do I dare to disturb the universe?
Lest I crush the softest among us
The universe has us locked in a death spin
Not enough fucking and too much of wondering The wrong place at the right time
Stars were aligned
You were always mine
Do I dare to disturb the universe?
Lest I become he the colossus Ooh, I mean you no harm
But everything I touch is barbed
Ooh, I mean you no harm
But everything just dies in these arms Do I dare to disturb the universe?
Lest I become he the colossus
Do I dare to disturb the universe?
Lest I become he the colossus He the colossus
Do I dare disturb the universe? Do I dare to disturb the universe?
Before it get better it gotta get worse
