Hurt Me All the Time

Joe Diffie

Oh, they say that you would hurt me
That you'd break this heart of mine
If that's what you've been doin'
Hurt me all the time
Hurt me all the timeI've been hearin' rumors
All over this town
You've got a reputation
For mowin' good man downI've heard a lot of talkin'
That's what people do
I just don't believe it
I ain't seen that side of youOh, they say that you would hurt me
That you'd break this heart of mine
If that's what you've been doin'
Hurt me all the time
Hurt me all the timeSomebody said they saw you
Down at the Midnite-Star
They said you had your arms around
Some fellow at the barSomebody must be jealous
Or just too blind to see
That someone you were huggin'
On just happened to be meOh, they say that you would hurt me
That you'd break this heart of mine
If that's what you've been doin'
Hurt me all the time
Hurt me all the time
