Tear

Red Hot Chili Peppers

This is my time, this is my tear
I can see clearly now that this is not a place
For playing solitaire
Tell me where you want me
This is my time, this is my tearComin' on strong, Baudelaire
Seems to me like all the world gets high
When you take a dare
Let it rise before you
This is my crimeAll in all and I'm loving every rise and fall
The sun will make and I will take
Breath to be sure of this
In the end and then, all will be forgiven
When surrender rises high
And I gave what I came to giveSay it now because you never knowDevil may cry, devil may care
Distiller's got a scream and now I know just why
When she's movin' air
Can you feel the voltage?
This is my timeCalifornia skies got room to spare
This is my timeAll in all and I'm loving every rise and fall
The sun will make and I will take
Breath to be sure of this
In the end and then, all will be forgiven
When surrender rises high
And I gave what I came to giveSay it now because you never know
Oh, never knowTake it outside, take it out there
Seemed to me like all the world gets high
When you take a dare
In the final moment
This is my timeAll in all and I'm loving every rise and fall
The sun will make and I will take
Breath to be sure of this
In the end and then, all will be forgiven
When surrender rises high
And I gave what I came to giveSay it now because you never know
Oh, never know
