

# Creatures of Habit

## Soul Asylum

If the day wants to begin  
You can let the day in  
If the darkness has no end  
Light up the darkness It ain't on what you can depend  
It's who you can depend on If the rain wants to come in  
You can let the rain in  
If the darkness is your friend  
You can hold the darkness And if it ain't what you got  
You know you gotta have it The grass gets greener all the time  
For creatures of habit  
For creatures of habit Look out, here comes one more morning  
Habits form without a warning  
Love it can be habit-forming Make your enemies your friends  
And leap standing naked  
It ain't how much you can take  
It's how you take it Oh, look out, here comes one more morning  
Habits form without a warning  
Love it can be habit-forming  
For creatures of habit Oh, look out, a habit's forming  
It's just one more morning  
For creatures of habit
