I Don't Give a Fuck

Boss

Not a single fuck, not a single solitary fuck
Coz I don't give a fuck, motherfucker
I don't give a fuck, not a single fuck
Not a single solitary fuck, I don't give a fuckI don't give a fuck, not a single fuck
Not a single solitary fuck
Coz I don't give a fuck motherfucker
I don't give a fuck, not a single fuck
Not a single solitary fuck, I don't give a fuckI don't give a fuck about none of y'all
Big ballin' ass Boss takin' two o your head
With a sawed off shotgun
Give it up 'cause I'm one crazed bitch
Rollin' thick, gang full of lunaticsBailin', runnin' through the mud
Escaped from the cell block
Searchin' for the goddamn judge
'Cause it's simple to get revenge on a punk
Pop the trunk, grab the pump and pull the triggerM y nigga from the jump kept fuckin' up
Talkin' that same shit
So I snuck up and fucked up a gang a shit
Bitches, that's down and we found 'em
The punk we caught 'em and clowned 'emNow the niggas stretched out from a murder case
And don't mind doin' again the shit
That got me locked up in the first place
Boss'll let the nine go buck
I truly don't give a fuckI don't give a fuck, not a single fuck
Not a single solitary fuck
Coz I don't give a fuck, motherfucker
I don't give a fuck, not a single fuck
Not a single solitary fuck, I don't give a fuckNaw, not givin' a fuck, not givin' a fuck about shit
To me I see life like it's a bunch of fuckin' bullshit
'Coz everybody's runnin' around with crooked scam
And every fuckin' minute I see a nigga in a ambulanceJust another dead body, niggas' got the streets sewn up
They goin' out worse than John Gotti
So for the year '92, I'm sayin' fuck the mothafuckin' feds
I'd rather put some fuckin' heads to bedOn a penny-annie punk talkin' junk
I'll beat you down so bad
Your own pops won't recognize you
It's better known as the first degree murder
Causin' death and destruction, got niggas livin' by the gunSo make way here I come
It's the bitch that don't give a fuck

You make another move, you get fucked up
'Coz that's the name of the game
It's to either kill or be killedI'll pull the trigger on the nigga
'Coz I ain't the one to get played on
You just get sprayed on
Cluck 'cause I don't give a fuckI don't give a fuck, not a single fuck
Not a single solitary fuck
Coz I don't give a fuck, motherfucker
Not a fuck, not a single solitary fuck
I don't give a motherfuckin' fuck, motherfuckerI don't give a fuck, not a single fuck
Not a single solitary fuck
I don't give a fuck, motherfucker
Motherfucker, I don't give a motherfuckin'
Not a motherfuckin' dime, motherfucker, I don't give a fuckThe gangs livin' in a world where the undergrounds dwellin'
Do or die or get done, your cap'll get peeled
Take it from a real bitch droppin' motherfuckin' facts
Strapped with a big black gat under a trench on my backFor motherfuckers talkin' cash shit, the Boss'll get drastic
And put the motherfucker in a casket
You can't last with bitches on the game tip
And can't hang with bitches blowin' out brains quickAnother day, another dead ass bitch
So grab the gat, Dee, take them niggas back
I'ma take you back in the day, so niggas get 'em up
When niggas was rough and tough
But nowadays you just get buckWhen you fuck with a bitch baller
You're caught in a manslaughter
When she's takin' the life of one of your sons or daughters
Coz back then that's just the way shit went
Bitches'll blow your ass up in a motherfuckin' minute
You ask why? We don't give a fuckI don't give a fuck, not a single fuck
Not a single solitary fuck
Coz I don't give a fuck, motherfucker
Not a fuck, not a single solitary fuck
I don't give a fuck, motherfuckerI don't give a fuck, not a single fuck
Not a single solitary fuck
Coz I don't give a fuck, motherfucker
I don't give a fuck, I don't give a fuck
I don't give a fuck, I don't give a fuck, not a fuck
