

# Belly of the Beast

Danzig

Did my time among the creeps  
Did my time among the thieves  
Did my time among the scores  
Did my time among the whoresDid my time among the blessed  
Walked among the living dead  
Searching up and down this world  
Doing things youve never heardDown in the belly of the beast I lie  
All I save is my  
Down in the belly of the beast I lie  
All I save is my painDid my time among the lost  
Paying such a heavy cost  
Did my time among the cruel  
Laying with the broken foolsDid my time among the slaves  
Walked around their waiting graves  
Did my time among the lies  
Watching as they slowly dieDown in the belly of the beast I lie  
All I save is my  
Down in the belly of the beast I lie  
All I save is myDown in the belly of the beast I lie  
All I save is my  
Down in the belly of the beast I lie  
All I save is my painDid my time among the strong  
Some are here and some are gone  
Did my time among the cursed  
Praying that my brain would burstDid my time among the slaves  
Walked upon their living graves  
Did my time among the lies  
Watching as they slowly dieDown in the belly of the beast I lie  
All I save is my  
Down in the belly of the beast I lie  
All I save is myDown in the belly of the beast I lie  
All I save is my  
Down in the belly of the beast I lie  
All I save is my painAll I save  
All I save  
All I save  
All I save
