The Shuffle

TBridge

You know you're looking mighty fine
You make me wanna lose my mind
We're wasting all our precious time
Why don't you give me what you got, yeah
I'll tell you what we're gonna do
We're gonna have a rendezvous
I need a little piece of you
Why don't you give me what you got
You know I'm gonna treat you right
I'll rock you till you drop tonight
You know you're gonna feel alright
Why don't you give me what you got, yeah
Give me what you got, give me what you got, yeah
