You Are Nothing

Olive

You allude to every negative there was
Makin' out that's all we had
Couldn't you believe that there would be an end to it?
All the good could not be that badThere is just one thing to say
There's a lesson here to learn
Can you use it in any way?
You are nothing without my loveCouldn't care if you decide today and run away
Always said, "We'd be apart"
Wouldn't care if you begin your life with someone else
You'd be back before you startThere is just one thing to say
There's a lesson here to learn
Can you use it in any way?
You're nothing without
You are nothing without
You are nothing without my loveLaissez faire approach is all you ever gave to me
Either way you didn't care
Maybe if you had the honesty you need to see
I'll wager everything you wouldn't dareThere is just one thing to say
There's a lesson here to learn
Can you use it in any way?
You are nothing without
You are nothing without
You are nothing without my loveYou are nothing without
You are nothing without
You are nothing without my love
