thoughts

DC Schneider

Meet me in a dream
Meet me in a song
Or in a melody
That lasts too long
But stop
Invading my thoughts
Meet me in a crowd
We won't know if it's real

Because we're not allowed
To show how we feel
But stop
Invading my thoughts
I know you don't mean to
And all my fronting you see through
But stop
Just stop
Invading my thoughts
