Between The Cheats

Amy Winehouse

I would die before divorce ya
I'd take a thousand thumps for my love
'Cause you kissed a lucky horseshoe
Stuck it in my boxing glove
Does anyone who will listen up
To our victories and dumb defeats
Knows they I'll take you to the cleaners
If you come between the cheats
Between the cheats
Between the cheats
Between the cheats
My husband is the finest handsome hustler
And he still makes this housewife blush
So I go with him, my hand flicks

I'm sitting on the royal flush
Women drink him in
Swim in him with green eyes
Then go home and cash the chips you've got
And here maybe two
Oh two bottles of
The jack of hearts is my jackpot
[Chorus]Cause we all have to lock eyes
And I know is my heart beat
There's a winning secret to both
And it's sworn between the cheats
Between the cheats
