White Noise

AAGSF

Grand Old Opry music show
Playin' on my radio
Fiddle and a steel guitar
In some little redneck bar
Parkin' lot full of four wheel drives
You won't hear no hip hop jive
Cowgirls lookin' for cowboys
Two-step to that ol' white noise
I'm talkin' 'bout white noise
Comin' from the white boys
I can't keep my cowboy boots
From stompin'
To that white noise
Comin' from the white boys
Take me where
Those honky's are tonkin'
When the evenin' sun goes down
Crusin' through our little town
Country girls and country boys
Showin' off hillbilly toys
Talkin' 'bout white noise
Comin' from the white boys
I can't keep my cowboy boots
From stompin'
To that white noise
Comin' from the white boys
Take me where
Those honky's are tonkin'
Tractor pulls and rodeos
County fairs and bluegrass shows
It ain't a thing 'bout black and white
It's Johnny Cash and Charley Pride
It what I call white noise
Comin' from the real McCoy's
I can't keep my cowboy boots
From stompin'
To that white noise
Comin' from the real McCoy's
Take me where

Those honky's are tonkin'
Take me where
Those honky's are tonkin'
And take me where
Those honky's are tonkin'
