Doomsday

Ryan Adams

I could wait a thousand years, my love
I'd wait for you
I could stand in just one place, my love
And never moveAs the fire burns around us in the dark
One part is the world and one's my heartMy love, we can do better than this
My love, how can you complicate a kiss?
My love, do you love me now 'til doomsday comes
'Til doomsday comesCan you stand and face your fears, my love?
I will for you
I could stand in just one place, my love
And never moveAs the fire burns around us in the dark
One part is the world and one's my heartMy love, we can do better than this
My love, how can you complicate a kiss?
My love, do you love me now 'til doomsday comesMy love, oh, and I don't know
My love, how to let my feelings go
Do you love me now 'til doomsday comes'Til doomsday comes
'Til doomsday comes
