I Break Down

Tommy Page

I break down
I break down
I break down, II try to go on, I try to be strong
I try to be the one to stand tall
I try to impress you, try to make you think
Nothing can hurt me, I can take it allWhen the sky turns gray and the clouds bring thunder
I hold up a shelter for you to hide under
When the rain begins to fall
And my shelter hits the ground then I'm the oneI break down
I break downThey say in this world to make it
You've got to be strong
Day after day gets harder to hold on
But sometimes I get sad
And my smiles turn to frowns, then it's my turnTo break down
I break downWhen you reach out and cry to me
I hold on internally
But sometimes I get sad
And my smiles turn to frowns, then I'm the oneWhen the sky turns gray, clouds bring thunder
I hold up a shelter for you to hide under
For you to hide underI break down
(I break down)
(I break down)
I break down
(I break down)
Now I'm the oneI break down
I break down
I break downWhen the sky turns gray, clouds bring thunder
I hold up a shelter for you to hide under
For you to hide underI break down
I break down
I break down, II break down
I break down
I break
