A Little More Jesus

Erica Campbell

I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
Hey I need just a little more Jesus
I need just a little more Jesus
To help me along the wayOhI need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
Oh I need just a little more Jesus
I need just a little more Jesus
He-e-ey, to help me along my wayOh
Help Me
Anybody need him
HeyI got to mad and I said to much
Went too far and I almost cussed
No my mama didn't raise me that way
Lord I need a little help todayI went too sad and I'm crying to long
I can't keep sin everything is wrong
Yes my life seems way too hard
But ain't nothin' too hard for GodI need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
Hey I need just a little more Jesus
I need just a little more Jesus
To help me along the wayI need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
To help me along the wayHeyProblems at work and problems at home
Won't everybody just leave me alone?
I can't fix you cuz I'm trying to fix me
I'm trying to find help so I'm on my kneesGotta ache right here, pain right there
Not enough power needed way more prayer
Seems like it's so hard to pray

Yes that's why I lost my waySaid, I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
To help me along the wayI need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
To help me along the wayTo help me along the way
To help me along the way
To help me along the way
To help me along the way
