You Kill Me

Paper Route

Hey baby, give me a break
I seem so frantic, it might be too late
I'm trying, trying to hard
Trying to see what's behind the facadeTurn around, you never hear what I say, oh oh
Hey baby, how do I get thru'?
I'm trying every angle with you
Don't tell me, you call me unfairAll your lying is like a knife in the back
Don't deny, you never hear what I say
Whoa, oh, ohYou kill me with your lies
You kill me, don't you cry
You kill me, whoa, oh
You kill me, ooh, oh, oh
You kill meYeah, hey, baby give me a chance
Won't you take me for one last dance
Hey, baby I'll do you right
I'll take you dancing way into the nightDon't deny, you never hear what I say
You never hear, never look, never see
What I sayYou kill me with your lies
You kill me, don't deny
You kill me, ooh, oh, oh
You kill me, woo, woo
Ooh, oohYeah, you kill me with your lies
You kill me, don't you cry
You kill me, whoa
You kill me, ooh ohh
You kill me
