Come to Nothing

The Strayed

Leave the tv on to fill the empty air
Loneliness sinks in, like ink into my skin
Should have seen it all
The climb before the fall
I held to what we shared
But now its disappeared
By now, I guess you don't need me anymore
By now, I guess you don't need me anymore
Alright, you know you don't fool me anymore
Tonight you're burning another fire
Now we've run, out of time, out of luck, out of everything
Now you're gone, gone to find what you need, what I don't provide
If it comes down between win or lose

And if it boils down, you know I'd have to choose
By now, I guess you don't need me anymore
By now, I guess you don't need me anymore
Alright, you know you don't fool me anymore
Tonight you're burning another fire
My life, has come to nothing
My dreams, have come to nothing
Our love, has come to nothing
Come to nothing, has come to nothing
Its come to nothing [x3]
By now, I guess you don't need me anymore
I guess you don't need me
