

Panty Droppa (Intro)

Trey Songz

This right here's a panty droppa (Whoa Whoa) (2x)

This right here's a baby maker

Can I sing my song

If you up in the club tryna get rub,
then you need to tell the DJ to put this on
(pu-pu-pu-put this song, put this song on)
Let me tell you what is put away the kids
It's time to get it up, get a cup, fill it up
Fillin' on her booty touchin' on her butt
Time to get her back to the crib, beat it up

We been spendin' time wanna make mine
When you're not around you're still on my mind
And hope this aint surprisin, but I been fantasizin'
Thei aint no joke, let me clear my throat

I wanna make love to you, this right here's a panty droppa
This is my panty droppin love song, nothin but your heels on
Lovin you, This right here's a baby maker and we'll be makin babies tonight
I wanna make love to you this right here's a panty droppa
Lovin you, This right here's a baby maker and we'll be makin babies tonight

I'm Ready
