Pennies

Adam Newman

Yeah, fothermuckers it's Lady Sovereign
S O V
Speak my mind, I don't like them liars
Find your ride and I'll pop your tires
Cross the line and you're fucking fired
Yes, it's burning and I've got that fire
See the money I'm effing, I'm making
Hope this goes straight into my savings
Where it's fucked, yeah it's Sovereign
Yeah, I'm still in the game, still changing
Make you money man
Make you, make you money man
Make you money man
Make you, make you money man
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
Oi, I can hear your bling when you're thinking
Ring-a-ding, I left my phone ringing
All day long, please don't mind me singing
Oh, but how much I hate your wingding
Just because I'm a little younger
Don't mind me daft, don't make you smarter
All day long I break down with laughter
When you lose your temper you're an asshole
Make you money man
Make you, make you money man
Make you money man
Make you, make you money man
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?

How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you?
How many pennies have you?
How many pennies have you?
How many pennies have you?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
Gotten from me
Have you gotten from me?
Have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
How many pennies have you gotten from me?
Yeah, there might be a bit of a recession going on right now
But I ain't going down like you suckers
Trust me, when you rip me off I'll rip your head off
Yeah, it's Lady Sovereign
