September Morn

Neil Diamond

Stay for just a while
Stay and let me look at you
It's been so long, I hardly knew you
Standing in the doorStay with me a while
I only wanna sing for you
We've traveled halfway 'round the world
To find ourselves againSeptember morn
We danced until the night became a brand new day
Two lovers playing scenes from some romantic play
September morning still can make me feel that wayLook at what you've done
Why? You've become a grown-up girl
I still can hear you crying
In a corner of your roomLook how far we've come
So far from where we used to be
But not so far that we've forgotten
How it was beforeSeptember morn
We danced until the night became a brand new day
Two lovers playing scenes from some romantic play
September morning still can make me feel that way[Incomprehensible]
Me and you
I can still remember it allSeptember morn
We danced until the night became a brand new day
Two lovers playing the scenes from some romantic play
September morning still can make me feel that waySeptember morn
We danced, we danced that night away, yes
Two lovers playing the scenes from some romantic play
September morning still can make me feel that way
September morning still can make me feel that way
September morning still can make me feel that way
