Burn Down the Night

Saidian

Don't let me slip back under
My motor's running warm
I'm rolling with the thunder
I'm riding out this stormBurn down the night
Burn down the night
If you can't make it right
Burn down the nightSo patiently you guide me
Whispering in the dark
Reach way down deep inside me
Take out the broken partAnother wall comes down in flames
With every match you strike
You've got everything it takes
To burn down the nightLead me into temptation
Out by the railroad tracks
Show me a new sensation
Don't ever send me back
