Feel It Burn

Kim Mitchell

No one could ever need you as much as I do tonight
Every day that you're gone I die a little more inside
Maybe I'm afraid
You didn't explain
Our love was made to last
How did it ever slip awayAll through the day, I keep wanting you
All through the night, I keep wanting you
I feel it burn, feel it burn
All through the day, I keep wanting you
All through the night, yes I keep wanting you
I feel it burn, I feel it burn
Don't say that it's wrong to be missing you all the time
Every day that you're gone I die a little more inside
Maybe I'm afraid
You didn't explain
Our love was made to last
How did it ever slip awayAll through the day, I keep wanting you
All through the night, I keep wanting you
I feel it burn, feel it burn
All through the day, I keep wanting you
All through the night, yes I keep wanting you
I feel it burn, I feel it burn
All through the day, I keep wanting you
All through the night, yes I keep wanting you
I feel it burn, I feel it burn
All through the day, I keep wanting you
All through the night, yes I keep wanting you
I feel it burn, feel it burn
All through the day, I keep wanting you
All through the night, yes I keep wanting you
I feel it burn
