Sexual

DJ Scribble

Sex, sexual
Sex, sexual
Sex, sexual
Sex, sexual
Tonight we share a night of ecstasy and sweet romance
I will make you feel so special if you give me half a chance
I respect your femininity oh so much
So prepare yourself for a night that can only be described as sensuous
It will be
Sex, sexual
Sex, sexual
Sex, sexual
Sex, sexual
We have been together for some time but now I feel
Your resistance to my persistence intensifies your sex appeal
I perspire with desire when I see your naked skin
This erotic moment brings up everything within, oh baby
Sex, sexual
Sex, sexual
Sex, sexual
Sex, sexual
You are mine
Baby I am yours
I am yours
Hey you are my baby
You are mind
And I, I think it's time
Come here baby, don't say a word
Let your emotions do all the talking
Can you feel it
Can you feel it
I can feel your love, your love, your love, your love baby
Can you feel it
Baby oh baby yeah, yeah, yeah, yeah, I can feel it
Can you feel it
Feel it, feel it, feel it
You look so good
Stay right here all night
Baby baby baby baby

You don't have to go
Sex, sexual
Sex, sexual
Sex, sexual
Sex, sexual
