Wake Up

Dr. Dog

I just stayed there
And I was born at the scene of a crime
Every witness, well he was deaf and dumb
And blind

Every highlight leads the high life, yeah
Doo-we oo-wee a baba
Doo-we oo-wee a baba

Every moment was a moment, ah
Doo-we oo-wee a baba
Doo-we oo-wee a baba

Well, how'd I get here?
You know I followed the billboard sign
Every product, well it follows me down the line

Every daydream, every dead one, too
Doo-we oo-wee a baba
Doo-we oo-wee a baba

Every wish that you could wish for came true
Doo-we oo-wee a baba
Doo-we oo-wee a baba

Every daydream, every dead one, too

Every wish that you could wish for came true

Oh, wake up
Wake up, wake up
We are only part of a dream
All the things in your heart
Like the things in your head
Are only what they seem

Oh, wake up
Wake up, wake up
We are only part of a dream
All the things in your heart

Like the things in your head
Are only what they seem

Oh, wake up
Wake up, wake up
We are only part of a dream
All the things in your heart
Like the things in your head
Are only what they seem

Hey, c'mon, man, everybody wake up
Wake up, wake up
We are only a part of a dream
All the things in your heart
Like the things in your head
Are only what they seem
