It's Killin Me

Lil' Wayne

It's killin' me
Wooooo
I must like it when you question me about it baby
I swear, but they say, it's just not true[Overlapping first chorus]
Woo, yeah
How y'all doin' out there?
I'd just like to tell y'all my story
Ya dig?
That's right
Everybody in the crowd put your trees up
Yeah, put your trees up
Let's go
Yeah
Three in the mornin', I ain't home yet
Shawty blowin' up my phone like a bomb threat
What's goin' on baby?
Why you on that?
Knowin' when I make it home I get ya thong wet
Okay I'm on my way, speedin' windows up
So have my food warm, and have my pillows fluff
She been through the water, shawty Brillo tough
Shawty take all them shots like the Louis cup
I wanna give her all, and never give her up
I told her when it died down we could live it up
Where would you be, be without me?
Don't doubt me be about me baby, I'm like...It's killin' me
Wooooo
I must like it when you question me about it baby
I swear, but they say, it's just not true
Yeah, I'm like
As soon as I come home, I was workin' long
She wanna know what I was workin' on
So I play her this song
And I make her feel wrong
But still in all in my eyesight, she passed right
I can't trip 'cause no one loves the fast life
Or sittin' in the passenger seat, hold tight
When she gives a whole platter to me, her whole life
But for me that's too much to eat, in one bite but

I'm a chew and just do what I gotta
Other bitches get the boot like a high top Prada
Where would you be, be without me?
Don't doubt me be about me baby, I'm like...It's killin' me
Wooooo
I must like it when you question me about it baby
I swear, but they say, it's just not trueCan I talk to her, yeah, um
Leave the drama on daytime television
What is this detention?
It feel like elementary
I wish I never injure
Hurt or scar you
When I think of my future
Baby that are you
I mean that is you
Part of my vision, no
Part of my mental
See what I'm into?
See how I'm in too deep in the shit too?
It ain't just you, it is us two
I trust you, you gotta trust me
'Cause in them other bitches eyes I'm a must-see
Now where would you be, be without me?
Don't doubt me be about me girlIt's killin' me
Wooooo
I must like it when you question me about it baby
I swear, but they say, it's just not true
