My Space

Alycia Cooper

Initially I guided you but you're not used to a girl like me pursuin' you
Basically I knew that potentially we would wind up together eventually
Here we are standin' face to face, oh, damn I just can't wait
To see what's gonna happen now that we're in my place
Don't be shy, don't be shy
Just be cool, just be cool
No pressure, let it do what it do
You got it
You got it, my space, you're in my space
I opened up my door to you, there's only room for two
Look what you're invited to, now what you gonna do
Now technically we're not supposed to be
But we've been seein' each other everyday up [Incomprehensible]
You pass my door, beyond my livin' room
I don't think you believe in this space, no time soon
Now keep in mind, I gotta have my way
Don't be intimidated 'cause girls like me don't play, so
Don't be shy, don't be shy
Just be cool, just be cool
No pressure, let it do what it do
You got it
You got it, my space, you're in my space
I opened up my door to you, there's only room for two
Look what you're invited to, now what you gonna do
Finally you're here with me
And I'm so excited more than delighted
At the right time, at the right time
And the right place, you're in my space, oh
You got it, my space, you're in my space
I opened up my door to you, there's only room for two
Look what you're invited to, now what you gonna do, boy
So don't freeze up, don't make me call your bluff
No pressure, I betcha that I'm gonna make you blush
You blush, you blush
So no pressure, I betcha boy I'm gonna make you blush
