# City You Know

## Driftless Pony Club

The city you know, is to come
And sleep in, and drink all of the gin
In the city you know, leave your car at the curb
Be at home, be unlearned
This town, was so much better, in the 90's
This town, was so much better, in the 90's
So I've heard

Just rust with the rust and be a good drunk
Keep every balloon from every party you've been too
Spin in the room like a time machine
Spin in the room like a time machine

Everybody wants, to love you
When they meet you
Everybody wants, to love you
When they meet you
Cut it out, cut it out, cut it out, cut it out (cut it out)
Cut it out, cut it out, cut it out, cut it out (cut it out)

This town, has a way of making people stay here
This town, has a way of making people stay here
So I've heard

Just rust with the rust and be a good drunk
Keep every balloon from every
party you've been too
Spin in the room like a time machine
Spin in the room like a time machine

Everybody wants, to love you
When they meet you
Everybody here wants, to love you
When they meet you

Everybody wants to be your gun
Everybody wants to be your gun
City you know has always had potential
City you know has always had potential
When we were kids and we saw

What we thought that we saw
When we watched the motion picture at the mall
How it's gonna be
How it's gonna be

Spin in the room like a time machine
Spin in the room like a time machine
Spin in the room like a time machine
Spin in the room like a time machine
Everybody wants, to love you
When they meet you
Everybody wants, to love you
When they meet you
