You're OK

Elisa Waut

I am wrought with paranoia
For I have brought myself before you
Nakedly awaiting you're o.k.
Could I be that I annoy you
Flaunting ways that I adore you
I have no control here either way

*I awake at night with it
And in spite of it
It unravels me
It's begun to frighten

**But I'm alright
If you're o.k.
