Inch Worm

Stuart Staples & Dave Boulter

Two and two are four
Four and four are eight
Eight and eight are sixteen
Sixteen and sixteen are thirty-twoInch worm, inch worm
Measuring the marigolds
You and your arithmetic
You'll probably go farInch worm, inch worm
Measuring the marigolds
Seems to me you'd stop and see
How beautiful they areInch worm, inch worm
Measuring the marigolds
You and your arithmetic
You'll probably go farInch worm, inch worm
Measuring the marigolds
Seems to me you'd stop and see
How beautiful they areTwo and two are four
Four and four are eight
(Eight and eight are sixteen)
Seems to me you'd stop and see
(Sixteen and sixteen are thirty-two)
How beautiful they areSeems to me you'd stop and see
How beautiful they are
