Remembered

Derecho

I miss the way you held me to your heart
The way you promised me forever
Always promised me forever
You're walking away from meCan't you see what you do to me
When you walk away from me
All the things that you say to me
How you never will believe
There was a time you would speak to me
When you needed something from me
Now it's your turnYour flesh seems stronger than your love for me
Your flesh cries out only for a moment
Can't you see what you do to me
When you walk away from me
You're walking away from meCan't you see what you do to me
When you walk away from me
All the things that you say to me
How you never will believe
There was a time you would speak to me
When you needed something from me
Now it's your turn to crucify meCan't you see what you do to me
When you walk away from meI would gladly give you my heart
I would gladly give my life to you
All your secrets are left behind you
Forever lost and never rememberedAnother chance is all that I long for
Another chance to live my life for you
Moving onward never looking backI would gladly give you my heart
I would gladly give my life to you
All your secrets are left behind you
Forever lost and never rememberedAnother chance is all that I long for
Another chance to live my life for you
Moving onward never looking backCan't you see what you do to me
When you walk away from me
All the things that you say to me
How you never will believe
There was a time you would speak to me
When you needed something from me
Now it's your turn to crucify me
