COCOON

Pierrot

The way I feel
Standing on this road
I'm gonna crack this game
I'm gonna crack this code

I've still got time
I've still got time

When I'm wrong
I don't take it well
I've got my head in a song
Oh can't you tell

I've still got time
I've still got time

Just wrap me round, wrap me round, wrap me round, wrap me round your finger,
'Cause when you say it's OK doesn't matter if I believe you
Just wrap me round, wrap me round, wrap me round, wrap me round your finger,
'Cause when you say it's OK doesn't matter if I believe you

You give me ideas
When the dreaming stops
Give me confidence
When the drip wont drop

I've still got time
I've still got time

Just wrap me round, wrap me round, wrap me round, wrap me round your finger,
'Cause when you say it's OK doesn't matter if I believe you
Just wrap me round, wrap me round, wrap me round, wrap me round your finger,
'Cause when you say it's OK doesn't matter if I believe you

You are my cocoon
You are my cocoon
You are my cocoon
You are my cocoon

Just wrap me round, wrap me round, wrap me round, wrap me round your finger,

'Cause when you say it's OK doesn't matter if I believe you
Just wrap me round, wrap me round, wrap me round, wrap me round your finger,
'Cause when you say it's OK doesn't matter if I believe you

You are my cocoon
You are my cocoon
You are my cocoon
You are my cocoon
